2022 Virtual Australian Skydiving Championships

Aims of the Championships

- Provide a National performance measure / point of reference for competitors and APT selection process for 2022 WPC
- A fun event, engaging the Nation, experienced at a local community level
- We're building on the success of 2021 to make a national event possible in 2022, due to these unprecedented times. To keep as many people involved as possible there will be one host DZ in each state (with the exception of NT), which means different aircraft (however all states except SA will be using a Cessna Caravan)
- Judging will be done remotely and results available within 24 hours

Competition disciplines

- **Artistic Events:**
 - Freely Intermediate
 - Freely Open
 - Freestyle
- **Canopy Formation:**
 - 2 way Sequential
 - 4 way Rotations
 - 4 way Sequential
- **Formation Skydiving:**
