

Parachute Equipment

AD/PARA/5 **Parachutes De France - Connector Links** **10/95**

Applicability: Parachutes De France emergency parachutes P512()01 delivered after 21 June 1994, and with the following serial numbers:

DE039 to DE046	DF001 to DF024	DG001 to DG017
DH001 to DH006	DJ001 to DJ019	DM001 to DM025
EC001 to EC031	ED001 to ED025	EE001 to EE019

Requirement: Inspect the connector links between the canopy and the harness container, and verify full thread engagement and torque in accordance with the manufacturer's instructions.

Note: DGAC AD 95-131(AB) and Parachutes De France ASB P512-25-002 refer.

Compliance: Prior to further use after 14 September 1995.

Background: During a periodic inspection a parachute was found with loose connector links.
