**WHEN:** 5-10 July, 2016

Australia's top canopy pilots are gathering together from around the country next week to train at Moruya for the World Championships to be held in Chicago in September this year.

Local 4-way Canopy Formation team 'K4' have invited World Champion, Chris Gay to coach them on their road to success. "Chris has helped us in the past to win medals at the World Championships in the 2-way CF competition and we have no doubt he will be an integral part of our training to get on the podium in years to come", states team flier, Craig Bennett.

Veteran Classic Accuracy jumper Graeme Windsor is joining the team from Canberra to train in his discipline whilst enjoying the coastal views Moruya has to offer. 'The conditions here are challenging, which will put the Accuracy Team in good stead for the competition in Chicago', says Graeme.

Spectators are welcome to come and watch the team train and even get amongst the action with a tandem skydive on the same plane!
